PROFESSIONAL SUMMARY

Computer Science Engineering student with a strong foundation in Data Structures & Algorithms, Full Stack Web Development, and Problem Solving. Passionate about developing scalable web applications and solving real-world challenges through technology. Experienced in building React-based applications and continuously learning modern software development practices.

TECHNICAL SKILLS

Programming Languages: C, C++, JavaScript, Python

Frontend: HTML5, CSS3, Tailwind CSS, React.js, Vite

Backend: Node.js, Express.js

Database: MongoDB, SQL

Tools & Technologies: Git, GitHub, VS Code, Postman

Core Subjects: Data Structures & Algorithms, Object-Oriented Programming, DBMS, Operating Systems, Computer Networks

PROJECTS

Portfolio Website

- Developed a responsive personal portfolio website to showcase projects, technical skills, education, and professional experience.
- Designed reusable modules following Agile methodology and SDLC principles for a scalable and maintainable architecture.
- Implemented interactive sections including About, Skills, Education, Experience, Projects, and Contact with responsive design.
- Preparing backend integration with Express.js and MongoDB for the contact form and portfolio management.

Tech Stack: HTML, CSS, JavaScript, Express.js, MongoDB

Resume Website 2.0

- Developed a responsive resume website using React, Vite, and Tailwind CSS.
- Designed reusable components following Agile and SDLC principles.
- Implemented responsive navigation, Hero section, modular architecture, and resume download functionality.
- Preparing backend integration with Express.js and MongoDB for the contact form.

Tech Stack: React, Tailwind CSS, JavaScript, Vite

Unified Delivery System (Hackathon Project)

- Proposed a software solution to optimize deliveries by integrating food and grocery delivery workflows.
 - Focused on minimizing travel distance, reducing delivery time, and improving resource utilization.
 - Designed the solution architecture and prepared technical documentation and presentation.
-

EDUCATION

Indian Institute of Information Technology (IIIT) Bhopal

Bachelor of Technology (B.Tech) – Computer Science & Engineering

Expected Graduation: 2028

Current CGPA: **7.47**

ACHIEVEMENTS

- Solved **400+ Data Structures & Algorithms** problems.
 - Built **10+ academic and personal projects**.
 - Strong interest in Full Stack Development and Software Engineering.
 - Regular participant in coding practice and technical learning.
-

SOFT SKILLS

- Problem Solving
 - Team Collaboration
 - Communication
 - Analytical Thinking
 - Quick Learning
 - Time Management
-

LANGUAGES

- English
 - Hindi
-
